To whom it may concern:

In the spring of 2009, my wife Donna and I, after an extensive bidding and review process with many builders, hired Rich Palmaccio and his company, RTJ Construction, to renovate our home.

The house had a major addition as well as a complete renovation for the existing part of the house. The project went extremely well, and we were very happy with RTJ Constructions from start to finish. Rich was with us every step of the way. He provided great insight, recommendations and guidance. The subcontractors Rich used were also very courteous, knowledgeable and helpful.

We really love being in our home and are very grateful that we chose RTJ Constructions for our project. If you would like to discuss our positive experience with me, please feel free to call.
