To whom it may concern:

I highly recommend Richard Palmaccio and his company RTJ Construction, LLC for any residential or commercial construction jobs. I have known Richard and his company for over 10 years and have used his company's services for simple repairs to major renovations. The work that the company has done for me covers all areas of construction including, electrical, plumbing, HVAC, masonry, roofing as well as design.

When hiring Richard and RTJ Construction, LLC you get a company that cares. They will listen to your concerns and make sure that whatever project is being done is completed to your satisfaction. What I like most about my dealings with the company is that Richard has worked tirelessly with me to alleviate the stress that comes with construction/renovation projects. For me that is priceless and one of the reasons why I continue to work with Richard and RTJ Construction, LLC.

I believe that you can't go wrong in hiring RTJ Construction, LLC. I whole heartedly endorse Richard and his company and give them my highest recommendation. If you have any further questions with regard to Richard or RTJ Construction, LLC please feel free to contact me.

Sincerely,

*Jimmy*
